

FIG. 1

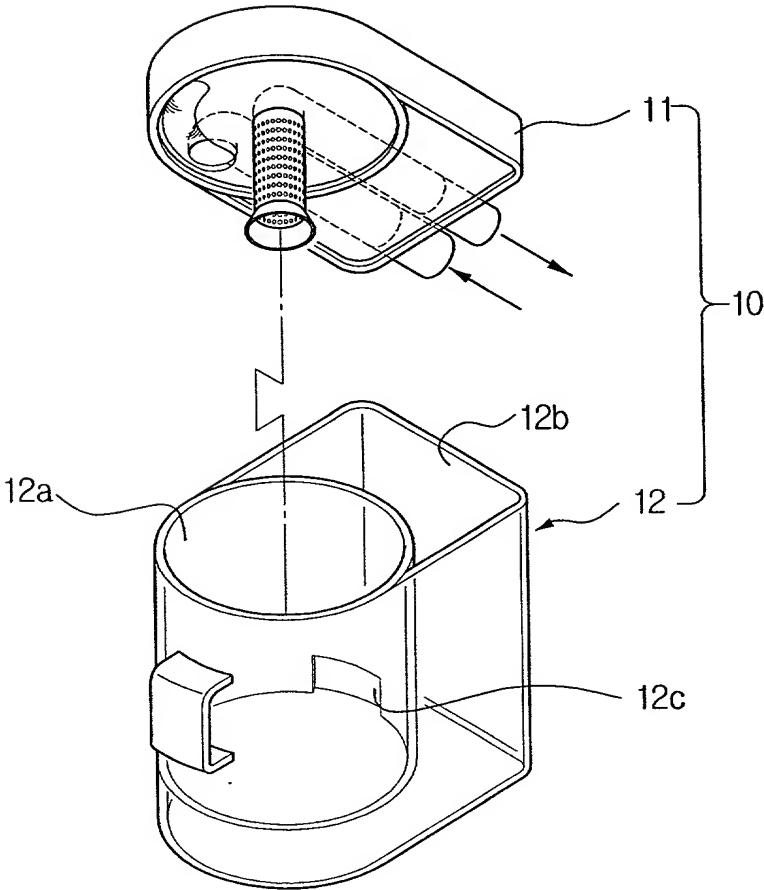

FIG. 1 is an exploded perspective view of a vacuum cleaner head assembly (10) and a dust container (12). The head assembly (10) includes a main body (11) and a cylindrical component (11a) with a series of horizontal ridges. The dust container (12) is a rectangular box with a cylindrical opening (12a) at the top, a side panel (12b), and a bottom panel (12c). A dashed line indicates the alignment of the cylindrical component (11a) with the opening (12a) of the dust container (12).
